Nice to meet you, bad to see you.

I'm so low profile that shooting stars make wishes upon seeing me.

-- silence --
Words escaped from my mouth,
From the mind from behind,
from the heart from wherever they part
To the ground to the furthest it lasts,
To dissipate in front of your composed hut.
Came to realise we missed the silence of the night.

如果你想著一次就能沖乾淨我的屎，
哼，那妳可要失望了。

I wish to tell you the sweetest words,
which will part all the bitter in the dark.
I wish to send u the warmest hugs,
which will last all the seconds in your heart.

We got enough of the sun,
for a nightful of things to happen.
We got enough of the learnt,
for a whole lot of nothing to happen.
Feeling smashed, feeling crashed,
filling me naked for all the heartthrobs to happen.

May that ghost in you wake up black and white disposed,
and that toast you chew kissing a heart composed.

命運讓那粒米飯停留在妳嘴唇上，
也讓我故意在嘴唇上停留著一粒米飯善意地知會妳。
偶然地讓我展現取悅妳的溫柔。

Monday I had a déjà vu of last Monday's anticipated,
exciting Friday that didn't happen.

-- 2134 --

Time wouldn't be enough.
Wouldn't calm on our behalf.

Your eyes deadlocked on my guise,
longing a mindcrime to be defined.
My ears flushed right to your fears,
longing to straighten all curves undefined.

Our souls eventually crossed,
our cells decided to talk.
Till the alarm soared,
our timer remains stalled.

Like a surreal art,
you scribbled me a mess,
like its very best.

The reason I cannot reason is you.

I'm not looking at the sky. I'm only letting the phlegm go.

Facing suspicious people, just be more suspicious than they are.

I'm not patient enough to determine how impatient you are.

Now my left butt cramped from that gentleman stance,
My heart beats to an indefinite ten.
A total zero of your returning glance.
You nailed this poem to its pathetic end.

A failure to realise enough is enough is enough enough.

Didn't think I thought I did ever think of
thinking any thoughts of thinking.

First we give,
then we take,
and to give and take,
then give way to take,
and then, take to give way.

I don't know my kinder surprise
is a layer of happiness shelling
an elaborated disappointment,
or a facade of discontentment
scheming a hopeful surprise.

Exquisitely poetic.
Official thesaurus addict.

Work hard, work fucking hard,
whatever you've chosen will forgive you.

-- science --
I want it to last for eternity,
couldn't stand minutes of uncertainty.

I ran into the wall,
with invisible doors.
By science or by not,
I struggled to abort.

Like a pair of wings, like a beautiful thing,
nothing destines, nothing sinks.

A wild theory may unknot,
for another while it may assault.

It keeps us weak.
It keeps us strong.
It keeps us far from right but inches to wrong.
It left us sick.
It left us drawn.
It left us far from well but lovingly worn.

This is the face.
This is the neck.
This is where they touch.
This is where sensory erupts.
This is it, look how we fall into pieces.

-- mom --

You could be volatile and headstrong as you are.
The nastiest monster described on par.
Put me through fire and ice, truth and lies, angst and cries,
Stalled me up and high, clumsily to the vice where
contradiction drives.
And I know all these don't quite matter.
You uptilted my lips with smileys sent afar.

-- aunt --

Your vision, crisp but torn.
Your eyelids, feebly strong.
Age didn't steal your delicate texture of your soul,
neither did that fine gentleness go.
For everything I know,
never thought you'll pose when the camera shows.
